Welcome to St. Mark Preschool

We are happy that you are sharing your child with us, and hope that his or her preschool experience will be an enjoyable and meaningful one. Working together we can help your child develop his or her full potential.

St. Mark has a long history of preschool education for young children dating back to the late 1940s. It started as a Kindergarten, then a nursery school, and now a preschool. We renewed our commitment with a new beginning in September 2003 with the opening of a preschool for three and four-year-old children.

St. Mark Preschool admits students of any race, color, or national or ethnic origin to all of the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, or national or ethnic origin in administration of its educational policies, admission policies, and athletic or other school-administered programs.

Mission Statement

The purpose of this handbook is to provide you with information concerning the program(s) in which your child will be participating. Throughout our programs for children ages 3-5 years, we hope to provide you with an experience that will leave you and your child with happy memories as well as provide a basis for future education.

Our purpose is to introduce your child to a friendly, safe, and non-competitive learning environment where each child can become self-confident and enjoy learning. We also stress the nurture of beginning relationships away from the family structure. While providing a learning experience, we plan to give your child opportunities to associate socially with other children and to learn to relate to adults other than his or her own parents.

This preschool is a non-denominational program provided for the benefit of any eligible child. It is a ministry of the people of St. Mark Lutheran Church and is administered by an ad hoc committee (Preschool Committee) of the Christian Education Committee. The school is operated on a non-profit basis and supported solely by registration, monthly tuition fees, fundraisers, and the generosity of the people of St. Mark.

General Information

Orientation: A Parent-Child Orientation Session will be held for each class during the week before school begins.

School Calendar: A calendar of events for the entire school year will be handed out at the orientation session.

Curriculum: Each preschool program has separate and specific units of study appropriate to that age group. During the year, the units of study include the following:

1. Daily organized lessons on the units planned for each class
2. Crafts and artwork
3. Free play
4. Organized play
5. Storytime
6. Musical activities and finger plays
7. Educational games
8. Activities for small and large motor skills
9. Parties and special programs for the various holidays

Discipline: Our program is based on a Positive Reinforcement and Behavior Modification model. Positive Reinforcement is finding and verbally praising actions and skills the child is doing right. In other words, by catching the child behaving correctly and praising the “right” actions and skills, the child will know what is expected of him/her. When other children hear the praise for correct performance, children will modify their own behavior to reach the goal. Therefore, good behavior is acknowledged, and a positive atmosphere is built.

Clothing: The children should be dressed appropriately for the weather conditions. Please provide adequate outerwear to keep your child warm during outside playtime. If the wind chill temperature is above 32° and the grass/mulch is dry, we may be going outside for playtime. **For your child's safety, totally closed shoes with rubber soles are highly recommended.** We encourage you to dress your child in clothing that is easy for the child to manage in the bathroom. **Please, no bodysuits, leotards, bib overalls, or other clothing that is difficult for children to handle alone.**

Masks: At this time, we are not requiring children or teachers to wear masks on a daily basis. Parents/guardians may opt to have their child wear a mask. If a parent/guardian wants their child to wear a mask, they must provide their child's mask and it is the parents'/guardians' responsibility to notify their child's teacher in writing stating their wishes. The request should be signed and dated. **Please see our information under Illnesses (Page 9) for when a child or teacher would be required to wear a mask for COVID.**

Show and Tell: Show and Tell Days will be assigned to each child. Children should bring in one item to share with the class. Suggested items are things from nature, pictures from a place the child has visited, collections, something the child has made, a favorite book, or items about colors, shapes or numbers.

Field Trips: The 4-Year-Old Classes may utilize field trips as part of their curriculum. In order for a child to attend a field trip, an adult must be present. These dates will be announced ahead of time in order for you to make arrangements to be present.

Social Media: Please be aware that some parents do not want their child to be pictured on social media. Please be conscious of that if you post any pictures from St. Mark Preschool on your social media. You should only post pictures of your child unless you know that it is ok for the other child/children in the picture to be on social media.

Fundraisers: During the school year we will be having fundraisers to help fund the preschool. Costs continue to rise so we have these fundraisers to help keep our tuition prices down. We appreciate are families participating in the fundraisers.
